5-YEAR INDEX

SPECIALS

(Format: Story title, author, issue)

16-Bits — Not Quite A Revolution, Les Bell, October 1982
A Good Fortran Is Hard To Find, Allan Miller, May 1986
Author, Author!, D Ritchie/K Thompson, July 1985
Basic For Birdwatchers — Liftout, Les Bell, May 1986
BASIC For Birdwatchers — Liftout 2, Les Bell, June 1986
Blueprints, Les Bell, May 1985
Bonus Book Of Priceless Programs, Lindsay Ford, May 1985
British Initiative, Jack Cross, August 1984
British Microelectronics Program Manager, Penman, August 1984
Build Your Own Expert System, Tim Hartnell, September 1985
Bulletin Board Backchat, Rose Vines, October 1985
Cash & Carry Computers, Les Bell, August 1983
Cheap And Blasty!, Natalie Filatoff, May 1986
Cheap Solutions, Frank Lee, August 1985
Choosing Educational Software, Dr John Barrett, August 1984
Communications — A Baudy Tale, Bill Bolton, October 1985
Computer Graphics — Feature, Robyn Hughes, March 1984
Computer Speak, Les Bell, January 1985
Computers And Music — Introduction, Simon Leadley, July 1984
Computers In Education (Chaos/Coherence), Natalie Filatoff, August 1984
Computing In The Sunshine State, Natalie Filatoff, November 1984
Computing On The Cheap, Frank Lee, August 1985
Courseware Cross-section, John Barrett and others, August 1984
CP/M Software Survey, Maria Lengas, February 1986
Crack a Unix Today, F Grampp/R Morris, July 1985
Data Communications — Into The Future, Staff, October 1984
Duelling ATs, Matt Whelan, January 1986
Duelling ATs — The Fight Goes On, Matt Whelan, May 1986
Extra Blue Bits, Les Bell, June 1985
Five On The Dial, Matt Whelan, May 1986
Gosh! How Frustrating, Natalie Filatoff, October 1985
Graphically Speaking, Robyn Hughes, July 1986
Great Database Found, Matt Whelan, January 1986
Great Database Search — Condor, Rose Vines, May 1985
Great Database Search — Dataflex, Matt Whelan, September 1984
Great Database Search — KnowledgeMan, Rose Vines, September 1984
Great Database Search — Optimum, Rose Vines, November 1984
Great Database Search — Sensible Solution, Rose Vines, November 1985
Great Database Search: Qpro-4, Matt Whelan, February 1986
Group Micros, Les Bell, December 1985
Group Specs, Matt Whelan, December 1985
Have We Gotta Great Buy for You, Matt Whelan, March 1986
Here Comes Superbee, Matt Whelan, February 1986
Hi-Tech Healing — Part 1, Dr Eugene Sherry, May 1984
High-Tech On Australia II, Evan McHugh, December 1983
Hitchhiker's Guide To Viatel, Les Bell, Norman Kemp, March 1985
How To Write For Your Computer, Natalie Filatoff, May 1985
IBM Moves In — Special Survey, Les Bell and Others, Jan/Feb 1983
Inside The Supermicros, Les Bell, November 1984
Integrated Packages — Software Shootout, Les Bell, December 1984
Languages Software Survey, Les Bell, January 1985
Life In The Fast Lane!, Les Bell, November 1984
Local Area Networks, Les Bell, August 1983
Look At The World Through Crystal Balls, Les Bell, June 1983
MicroBee Engineering Notebook, Max Maughan, September 1983
Micros In A Mainframe World, Frank Liebeskind, October 1983
Micros In A Mainframe World — Part 2, Frank Liebeskind, December 1983
Multi-Musing, Matt Whelan, December 1985
Networks — Personal Experience, Les Bell, August 1983
PC-DOS Reference Card, Les Bell, June 1985
PCOTY: Everyone Loves A Winner, Les Bell, April 1986
PCOTY: The Great Australians, Les Bell, April 1986
PCOTY: The Users Have Their Say, Matt Whelan, May 1985
PCs For Large Organisations, Les Bell, October 1983
Personal Computer Of The Year, Les Bell, April 1985
Personal Computer Of The Year, Les Bell, April 1986

Personal Computer Of The Year Awards, Les Bell, April 1984
Power-Play Update, Matt Whelan, November 1985
Powerful WIMPs, Tim Hartnell, July 1986
Practical Networking, Les Bell, August 1983
Printer Special Feature, BDS, November 1983
Printers Galore . . . , Ewart Stronach, June 1986
Publishing Your Software, Natalie Filatoff, December 1983
RCPMs — The Free Software Smorgasbords, Bill Bolton, September 1983
Roots, Natalie Filatoff, May 1984
Second-Hand Micros — Looking For Bargain, Peter McKay, August 1985
Soft Blue — IBM Software Guide, Maria Lengas, May 1985
Software Copyright, C Hughes/S Bridge, August 1984
Software On The Cheap — \$50 to \$100, Ann Swan, September 1985
Software On The Cheap — Under \$25, Ann Swan, June 1985
Software On The Cheap: \$25 to \$50, Ann Swan, August 1985
Software Sources, Staff, August 1984
Spotlight on PCOTY Finalists, Les Bell, March 1986
State Policies Tied Up in Red Tape?, Natalie Filatoff, August 1984
Streetwise CP/M, Ewart Stronach, February 1986
Swinkels Sells System Shells, Dom Swinkels, September 1985
The Blue Boxes, Les Bell, May 1985
The Christmas Nightmare, Helen Burnett, December 1983
The Class Of 82, Natalie Filatoff, April 1983
The Deep Blue Past, Frank Lee, May 1985
The Do-It-Yourself XT, Les Bell, November 1985
The First Port Of Unix, Juris Reinfelds, July 1985
The Great Aussie Software Competition, Jane Mackenzie, June 1984
The Great Database Search, Matt Whelan, June 1984
The Hard Word On Disks, Les Bell, March 1985
The Winner, By A NEC . . . , Les Bell, May 1983
True Blue — Aust Software Development, Norman Kemp, May 1985
Unix In A Nutshell, Les Bell, July 1985
What Is A Database?, Les Bell, July 1983
What's In The Packet?, Bill Bolton, October 1985
What's So Special About Expert Systems?, Dom Swinkels, September 1985
When Micros Rule The World, Bill Bolton, June 1983
Where Do U Get Nix?, Maria Lengas, July 1985
Why Printer When You Can Laser, Matt Whelan, January 1986
Why True Blue? — Clone City, Les Bell, June 1985

FEATURES

(Format: Story title, author, issue)

. . . And Something For CoCo Lovers, Richard Newcombe, May 1983
16-Bits — Not Quite A Revolution, Les Bell, October 1982
1983 Perth Electronics Show, Mike Oborn, October 1983
A Beginner's Guide To Tandy Games, Edward McArdle, September 1982
A Fest Of Apples, Les Bell, March 1982
A Good Fortran Is Hard To Find, Allan Miller, May 1986
A New Lisa Life For Apple, Les Bell, February 1984
A Peek And A Poke, C D H Cooper, June 1983
A Surfeit Of Systems, Les Bell, April 1983
A Way With Word Processing, Richard Walding, January 1985
A Working Bee, Ian Roberts, November 1985
A.C.S. — A Classy School, Greg Hawkins, August 1982
Alice In Fantasyland, Norman Kemp, September 1985
All About Packet Switching, Howard Katen, November 1984
All Hail The Amiga, Tim Hartnell, June 1986
All This And Modula-2!, David Moore, November 1985
Anag And The Computer, Peter Flanigan, May 1982
And The Games People Play, Mark Camm, May/June 1981
Another Quiet Achiever, Matt Whelan, February 1985
Anyone For A Blue Rinse?, Norman Kemp, May 1985
Apricot Pips IBM, Martin Hayman, December 1984
Are You Being Served?, Lindsay Shapero, June 1983
At Home With Negus, The Atari, Chris McEwan, July 1982
Author, Author!, D Ritchie/K Thompson, July 1985
Barson Breaks Out, Lindsay Shapero, April 1983
Basic For Babysitters, John Annable, June 1982

Happy Birthday

Basic For Birdwatchers — Liftout, Les Bell, May 1986
 BASIC For Birdwatchers — Liftout 2, Les Bell, June 1986
 BASIC Forth, Tim Hartnell, February 1986
 BASIC-ally Speaking, Burt ..., Carol Quigley, November 1983
 Beep! Beep!, Frank Lee, January 1985
 Better Service By Computer, Norman Kemp, June 1984
 Beware The Cave Demons, Chris Carolan, August 1981
 Bit Bucket, Evan McHugh, April 1985
 Bit Bucket, Evan McHugh, June 1985
 Bit Bucket, Frank Lee, September 1985
 Bit Bucket, John Nicholls, October 1985
 Bit Bucket, Rob Vines, November 1985
 Blue Skies And Hot Computers, Natalie Filatoff, October 1983
 Blueprints, Les Bell, May 1985
 Books In Brief, Evan McHugh, April 1985
 Bringing Business Home, Norman Kemp, June 1984
 Build Your Own Expert System, Tim Hartnell, September 1985
 Bulletin Board Backchat, Rose Vines, October 1985
 Buying In The USA, Peter Phibbs, January 1985
 C For Smarties — Part I, Les Bell, November 1985
 C No Evil, Jack Dikian, March 1983
 C64 Communications Program, Nick Gammon, March 1984
 Cable-coupling ... Twisted Pairs!, Evan McHugh, November 1985
 CAD Helps Plan Building Sites, Norman Kemp, January 1986
 California Dreaming, Frank Lee, July 1983
 Call Me Modem, Evan McHugh, October 1984
 Care For Computers, Les Bell, April 1982
 Cash & Carry Computers, Les Bell, August 1983
 Cashflow Manager, D J Higgins, March 1985
 CD Memory, Ian Allen, July 1986
 Cheap And Blasty!, Natalie Filatoff, May 1986
 Cheap Solutions, Frank Lee, August 1985
 Cheap Thrills, Various, August 1985
 Chemists Keep Up With The Times, Norman Kemp, October 1985
 Chips Solve Toy Distribution Problem, Fred Symes, December 1981
 Choosing Educational Software, Dr John Barrett, August 1984
 Christensen Protocol — The Manual, Bill Bolton, June 1983
 COMA — The Real Price Of The Processor, Fred Symes, November 1981
 Comdex/Fall '83, Matt Whelan, January 1984
 Commodore Comment — And Conversion, Peter Sandys, July 1982
 Commodore Gets Serious, Norman Kemp, August 1984
 Communication, The Next Big Breakthrough, Les Bell, September 1982
 Communications — A Baudy Tale, Bill Bolton, October 1985
 Compaq Takes On The Heavyweights, Norman Kemp, December 1984
 Competitions For Computerkids, Keith Stewart, May 1982
 Computer Graphics — 3-d Graphics, Evan McHugh, March 1984
 Computer Graphics — Digital Art, Evan McHugh, March 1984
 Computer Graphics — Feature, Robyn Hughes, March 1984
 Computer Graphics — NEC Videograph, Evan McHugh, March 1984
 Computer Graphics — On A Home Computer, Evan McHugh, March 1984
 Computer Growth — Art Of Getting Smaller, John Mellor Tony Blackie, November 1981
 Computer Literacy Or Bust, Professor V X Gledhill, August 1981
 Computer Medicine, Fred Symes, January 1982
 Computer Music, Madeleine D'Haeye, November 1981
 Computer Security, Howard Karten, October 1984
 Computer Speak, Les Bell, January 1985
 Computer Thugs, Christopher Reed, July 1981
 Computers And Music — BeeThoven On Bee, Mike Newnham, July 1984
 Computers And Music — Commodore Music, Evan McHugh, July 1984
 Computers And Music — Introduction, Simon Leadley, July 1984
 Computers And Music — Sounding Out Apple, Evan McHugh, July 1984
 Computers And Music — Synthesis & Chips, Andrew Symaniz, July 1984
 Computers And Music — The Musical Atari, Evan McHugh, July 1984
 Computers In Education (Chaos/Coherence), Natalie Filatoff, August 1984
 Computers In Singapore, Peter Sandys, May 1982
 Computers In The Classroom, Les Bell, May/June 1981
 Computing — Equal Opportunity Industry?, Fred Symes, August 1981
 Computing In The Sunshine State, Natalie Filatoff, November 1984
 Computing On The Cheap, Frank Lee, August 1985
 Confessions Of A Computer Salesman, Peter Sandys, March 1982
 Consulting By Computer, Norman Kemp, February 1985
 Copy With Chipe — Computer Typesetting, Frank Linton-Simpkins, January 1982
 Courseware Cross-section, John Barrett and others, August 1984
 CP/M Software Survey, Maria Lengas, February 1986
 Crack a Unix Today, F Grampp/R Morris, July 1985
 Creating Your Own Adventures, Tim Hartnell, June 1986
 Data '84, Natalie Filatoff, July 1984
 Data '84 — The Main Event, Evan McHugh, May 1984
 Data 82, Les Bell, September 1982
 Data 83 — Showcase Of The Stars, Lindsay Shapero, May 1983
 Data General/One, Rose Vines, February 1985
 Delving Deeper Into CP/M, Les Bell, August 1981
 Do the Logomotion, Tim Hartnell, March 1986
 Do Windows Work?, Howard Karten, August 1984
 Do-It-Yourself Business Programs, Norman Kemp, November 1985
 Documentation Or Disaster, Les Bell, March 1982
 Don't Shoot Me I'm Only Computer Teller, Frank Linton-Simpkins, January 1982
 Dreams and Reality of Computer Education, Natalie Filatoff, November 1984
 Duelling ATs, Matt Whelan, January 1986
 Duelling ATs — The Fight Goes On, Matt Whelan, May 1986
 Easing Your Way Into Computing, Les Bell, March 1982
 Elami — Your Friendly Robot, Tom Moffat, December 1983
 Employing The Disabled, Evan McHugh, December 1984
 Even The Office Idiot Understands, Mark Camm, May/June 1981
 Expanding Your IBM PC, Peter Harris, December 1984
 Exploring the Mandelbrot Set — Part I, Phil Grouse, January 1986
 Exploring the Mandelbrot Set — Part II, Phil Grouse, March 1986
 Extra Blue Bits, Les Bell, June 1985
 Feeling Out Of Sorts, Tim Hartnell, April 1986
 Finding a Working Net, Les Bell, November 1984
 Fitting Out The Electronic Boss, Norman Kemp, December 1984
 Five On The Dial, Matt Whelan, May 1986
 Forget The Crosswords, Buy A Computer, Cosmos Miro, May 1983
 Frankly Speaking, Frank Lee, September 1983
 Generating Random Numbers, Tim Hartnell, February 1986
 Get Purchasing Power, Les Bell, Sept/Oct 1981
 Getting Down To Business, Les Bell, May/June 1981
 Getting The Best From dBase II, Les Bell, July 1983
 Go Forth And Compute, Roy Hill, November 1985
 Good Vibrations, Timothy Nicholls, June 1983
 Gosh! How Frustrating, Natalie Filatoff, October 1985
 Graphically Speaking, Robyn Hughes, July 1986
 Graphics — Where do you Draw the Line, Ewart Stronach, July 1986
 Great Database Found, Matt Whelan, January 1986
 Great Database Search — R:base 4000, Les Bell, October 1985
 Great Database Search — Sensible Solution, Rose Vines, November 1985
 Group Micros, Les Bell, December 1985
 Group Specs, Matt Whelan, December 1985
 Happy 2nd Birthday MicroBee, Evan McHugh, March 1984
 Have Computer Will Travel, Leigh/Barbara Hemmings, January 1984
 Have We Gotta Great Buy for You, Matt Whelan, March 1986
 Hear! Hear! Ear To Ear, Matt Whelan, June 1986
 Here Comes SuperBee, Lindsay Shapero, March 1983
 Here Comes Superbee, Matt Whelan, February 1986
 Hexadecimal Pursuit, Les Bell, September 1985
 Hi-Tech Healing — Part 1, Dr Eugene Sherry, May 1984
 Hi-Tech Healing — Part 2, Dr Eugene Sherry, June 1984
 Hidden Behind The Scenes — CP/M, Les Bell, July 1981
 High-Tech On Australia II, Evan McHugh, December 1983
 Hitchhiker's Guide To Viatel, Les Bell, Norman Kemp, March 1985
 Holiday Reading, Evan McHugh, January 1985
 Home Computing On The Cheap, Tony Blackie, August 1981
 Hothouse Computers, Don Burke, December 1984
 Hotting Up The ZX80, David Johnson, June 1982
 How An Apple Made It At AMEX, Jennifer Adelstein, April 1982
 How NetsWork, Les Bell, November 1984
 How To Justify Computing, Garnett Znidaric, July 1982
 How To Write For Your Computer, Natalie Filatoff, May 1985
 How Vulnerable are your Disks?, Howard Karten, November 1984
 HPI50 Takes Over Auction!, Norman Kemp, August 1984

5-YEAR INDEX

- I Bought A Bee, Colin Johns, August 1982
IBM's Next Generation, Lloyd Borrett, February 1985
In-House Communications, Les Bell, October 1982
Innocence Revisited, Lesley Zolin, June 1984
Innocent In Computer-Land, Lesley Zolin, December 1983
Inside The Supermicros, Les Bell, November 1984
Instant Information!, Norman Kemp, August 1984
Integrated Packages — Software Shootout, Les Bell, December 1984
Is This On Your Lisp?, Jack Dikian, December 1982
It Won't Byte You, Les Bell, May/June 1981
It's ZX80/81 With Feeling, Graham Webber, April 1982
Keep On Trekking, Les Bell, March 1982
Keeping Track Of A Fortune!, Fred Symes, July 1981
Kids On Chip Row, Mark Camm, May/June 1981
Kit Computing — Doing It By Numbers, Les Bell, December 1981
Labtam Tackles The Giants, Diane Lyttleton, April 1986
Languages Software Survey, Les Bell, January 1985
Learning With The Tortoise, Peter Thacker, April 1984
Leeward Of Mount Crisis, Frank Lee, May 1984
Let's Dialog, Frank Lee, October 1984
Letter From New York, Tim Hartnell, July 1984
Life In The Fast Lane!, Les Bell, November 1984
Lisa With An S, Frank Linton-Simpkins, March 1983
Local Area Networks, Les Bell, August 1983
London Calling, Norman Kemp, December 1985
Look At The World Through Crystal Balls, Les Bell, June 1983
Look-Up Tables, Collyn Ryvers, December 1983
Make No Mistake, Les Bell, January 1986
Make Your Hobby Pay — Write For YC, Les Bell, February 1982
Making Buildings Intelligent, Evan McHugh, June 1984
Making Lotus As Easy As 1-2-3, Howard Karten, February 1984
Making Medical Technology Pay, Fred Symes, April 1982
Marathon, Fred Symes, July 1981
Market Perceptions, US-Style, Howard Arrington, Jan/Feb 1983
Mass Transit Processing, Les Bell, May/June 1981
Medium Blues For Decentralised Computing, Norman Kemp, May 1985
Melbourne Goes To The Show, Les Bell, December 1982
MicroBee 32-Page User Manual, Applied Technology, February 1982
MicroBee Cassette Interface Modification, Daniel Ford, June 1984
MicroBee Music — The Tone Generator, Milan Hudacek, June 1983
Microcomputers In The Hospital, George Phillippou, April 1982
MicroNavigation, Trevor Jones, December 1982
Micros In A Mainframe World, Frank Liebeskind, October 1983
Micros In A Mainframe World — Part 2, Frank Liebeskind, December 1983
Micros Join The NRMA, Norman Kemp, April 1985
Milk Manager, Derek Morris, February 1985
Minerva, Frank Lee, October 1984
Moose And His Motorcycle Mailing Lists, A C Skarratt, April 1983
More ZX Mods, Robert Chalmers, September 1982
MSX Missile Launched, Martin Hayman, February 1985
Multi-Musing, Matt Whelan, December 1985
Neology — A Local Hero, Staff, July 1985
Networks — Personal Experience, Les Bell, August 1983
Nevada Cobol, Les Bell, June 1982
New Magic For The Sorcerer, George Lindley, June 1982
Off To The Faire, Tom Booy, June 1982
Okay But What Will It Do For Me?, Keith Stewart, May/June 1981
Option-Not-Fitted Syndrome, Eric Eulenstein, June 1984
Organised Auditors, Norman Kemp, October 1984
Orphaned? Don't Panic, Howard Karten, February 1985
Osborne Three, Evan McHugh, February 1985
Other Office Idiosyncracies, Gregg Borschmann, Sept/Oct 1981
Ouch! They Should Have Warned Me . . . , Phil Scott, June 1983
Overkill and Underdevelopment, Ian Allen, January 1986
Paddle Your Own Computer, Leigh/Barbara Hemmings, June 1983
Paperword Overload — Problems Solved, Norman Kemp, August 1985
Pascal For Better Or Wirth, Les Bell, April 1982
PC-DOS Reference Card, Les Bell, June 1985
PCOTY Awards — And So, The Winner, Les Bell, April 1984
PCOTY Awards — Attache Accounting, Les Bell, April 1984
PCOTY Awards — Bytec Hyperion, Les Bell, April 1984
PCOTY Awards — Canon AS100, Les Bell, April 1984
PCOTY Awards — Dulmont Magnum, Les Bell, April 1984
PCOTY Awards — Sharp PC5000, Les Bell, April 1984
PCOTY Awards — Software Product Of Year, Les Bell, April 1984
PCOTY Awards — Three Of A Kind, Les Bell, April 1984
PCOTY Awards — TI Professional, Les Bell, April 1984
PCOTY Awards — You've Come A Long Way, Les Bell, April 1984
PCOTY Awards — Zardax Word Processor, Les Bell, April 1984
PCOTY: Everyone Loves A Winner, Les Bell, April 1986
PCOTY: The Great Australians, Les Bell, April 1986
PCOTY: The Users Have Their Say, Matt Whelan, May 1985
PCs For Large Organisations, Les Bell, October 1983
Personal Computer Of The Year, Les Bell, April 1985
Personal Computer Of The Year, Les Bell, April 1986
Personal Computer Of The Year Awards, Les Bell, April 1984
Peter Puppet, Natalie Filatoff, November 1984
Play Games By Modem!, Nick Gammon, September 1982
Playing With Your MicroBee's Video Disp., Eric Lindsay, February 1984
Power-Play Update, Matt Whelan, November 1985
Powerful WIMPs, Tim Hartnell, July 1986
Practical Networking, Les Bell, August 1983
Printer Special Feature, BDS, November 1983
Printers Galore . . . , Ewart Stronach, June 1986
Program Pirates, Tony Blackie, December 1981
Programmer's Workbench, Les Bell, November 1984
Programmer's Workbench, Les Bell, December 1984
Programmer's Workbench, Les Bell, March 1985
Programmer's Workbench, Les Bell, April 1985
Programmer's Workbench, Les Bell, May 1985
Programmer's Workbench, Les Bell, June 1985
Programmer's Workbench, Les Bell, July 1985
Programmer's Workbench, Les Bell, September 1985
Programmer's Workbench, Les Bell, December 1985
Public Domain Software: Gems or Junk?, John Hepworth, May 1985
Publishing Your Software, Natalie Filatoff, December 1983
Put On Your Dancing Shoes, Norman Kemp, June 1984
RCPM — The Beginnings, Bill Bolton, October 1984
RCPMs — The Free Software Smorgasbords, Bill Bolton, September 1983
Real High-Res For Apples, Ion Fairall, November 1985
Real Programmers Don't Use Pascal, January 1986
Reflections On The MicroBee, Eric Lindsay, August 1982
Remote Databases, Staff, October 1984
Rhapsody In Blue — IBM PC Graphics, Ewart Stronach, July 1986
Rocking 'Round The World, Phil Tripp, January 1986
Roots, Natalie Filatoff, May 1984
Samples, Shuffles and Searches, Tim Hartnell, June 1986
School's In — For Some, Tony Blackie, August 1981
Second Personal Computer Show, Evan McHugh, March 1984
Second-Hand Micros — Looking For Bargain, Peter McKay, August 1985
Selecting A PC For Business, Les Bell, April 1985
Should You Buy An 'Orphan' Computer?, Eric Lindsay, December 1983
So You Want To Buy A Second-Hand Micro?, Derek Morris, April 1982
Soft Blue — IBM Software Guide, Maria Lengas, May 1985
Software Copyright, C Hughes/S Bridge, August 1984
Software Copyright — Editorial, Les Bell, January 1984
Software Copyright — Not A Simple Case, Evan McHugh, May 1984
Software On The Cheap — \$50 to \$100, Ann Swan, September 1985
Software On The Cheap — Under \$25, Ann Swan, June 1985
Software On The Cheap: \$25 to \$50, Ann Swan, August 1985
Some Of My Best Friends Use W-Processors, Eric Lindsay, April 1983
Son of Ledgermaster, Lyndsay Ford, March 1986
Sound For The Sinclair, Benjamin Smith, December 1983
Spotlight on PCOTY Finalists, Les Bell, March 1986
Starting An RCPM System — Part 1, Bill Bolton, June 1984
State Of The Art!, Natalie Filatoff, November 1984
Steelworkers Take To Home Movies, Norman Kemp, December 1984
Streetwise CP/M, Ewart Stronach, February 1986
Super-Intelligent Games, Ian Allen, September 1985
Swinkels Sells System Shells, Dom Swinkels, September 1985
System Expansion — Part 1, Roy Hill, December 1983
System Expansion Part 2, Roy Hill, January 1984
Talking Tallyphone, Evan McHugh, April 1984
Talking To L.A., Cathy Gray, October 1984

Happy Birthday

Tandy's Educational Authoring, Jim Rennie, Jan/Feb 1983
Teaching The IBM To Think, Bob Stafford, Jan/Feb 1983
Technology Wedding: Future Chips, Les Bell, November 1981
Terminals — Dumb or Smart, Evan McHugh, October 1984
The \$200 Mac Modem, Bob Pulsford, February 1986
The 1984 PC Show, Evan McHugh, May 1984
The Big Day, Les Bell, June 1983
The Big Sell Of The Little IBM, John Hall/John Skaller, Jan/Feb 1983
The Bit Bucket, Evan McHugh, February 1985
The Bit Bucket, Evan McHugh, March 1985
The Blue Boxes, Les Bell, May 1985
The Byter Bit, M U Grubb, April 1983
The Christensen Revolution, Bill Bolton, May 1983
The Christmas Nightmare, Helen Burnett, December 1983
The Class Of 82, Natalie Filatoff, April 1983
The Computer Writers' Wishlist, Various, January 1986
The Computerised Journo, Phil Scott, August 1983
The Criminal Computer, Frank Linton-Simpkins, May 1982
The Deep Blue Past, Frank Lee, May 1985
The Desk-Top General, Stephanie Blackett, March 1982
The Do-It-Yourself XT, Les Bell, November 1985
The First Personal Computer Supershow!, Les Bell, April 1983
The First Port Of Unix, Juris Reinfelds, July 1985
The Glossary Giggles, Fred Symes, August 1981
The Great Aussie Software Competition, Jane Mackenzie, June 1984
The Great Aussie Software Competition, Jane Mackenzie, July 1984
The Great Database Search, Matt Whelan, June 1984
The Hard Word On Disks, Les Bell, March 1985
The IBM-Apple Connection, Andrew Larkin, November 1985
The Latest Apple-Portable!, Evan McHugh, May 1984
The Model Business, Les Bell, March 1982
The Modem Is The Message, Peter Jetson, May 1983
The Office Idiot's First Term Report, Mark Camm, July 1981
The One About The Travelling Salesman, Fred Symes, July 1981
The Real Laws Of Life, Les Bell, July 1981
The REAL Paper Computer, Tony Blackie, August 1981
The Rise And Fall Of ANK., Tim Hartnell, April 1986
The Soft Sell, Mark Camm, May/June 1981
The Source — Miracles Before Your Eyes, Keith Stewart, July 1981
The Sting, Les Bell, July 1981
The Talking Computer, Jack Cross, December 1982
The Tenth Australian Computer Conference, Les Bell, November 1983
The Third Wave!, Sonia Beesley, February 1985
The Tyranny Of Standards, Evan McHugh, February 1985
The Winner, By A NEC . . . , Les Bell, May 1983
The World According To Charles Peddle, Evan McHugh, April 1984
The World, According To Clive Sinclair, Martin Hayman, December 1982
The YC Tax Attack, Matt Whelan, June 1986
There's A Micro In Your Futures, George Phillipou, December 1981
This Little Sirius Went To Market, Leigh/Barbara Hemmings, June 1984
Thus Spake Rudolph Langer, Lindsay Shapero, June 1983
Tom Thumb v The Goliaths, Norman Kemp, June 1984
True Blue — Aust Software Development, Norman Kemp, May 1985
Unix Against CP/M, Bill Bolton, Jan/Feb 1983
Unix Against CP/M, Bill Bolton, Jan/Feb 1983
Unix In A Nutshell, Les Bell, July 1985
User Friendly — User Insulting?, Howard Karten, August 1984
Viatel Grapevine, Norman Kemp, April 1985
VIC And The Office Idiot, A Moran, April 1982
Viva Las Vegas!, Frank Lee, September 1984
What IS a Database?, Les Bell, July 1983
What MicroBee Did, Evan McHugh, March 1984
What MicroBee Did Next, Evan McHugh, March 1984
What Really Happened To Osborne?, Bill Bolton, April 1984
What To Give Your . . . For Christmas, Frank Lee, December 1985
What's Happening At Apple?, Tony Blackie, November 1981
What's In The Packet?, Bill Bolton, October 1985
What's So Special About Expert Systems?, Dom Swinkels, September 1985
What's The Big Difference?, Les Bell, January 1982
When Micros Rule The World, Bill Bolton, June 1983
When Owen Hill Stood Still, Natalie Filatoff, February 1986

When Will You Viewdata?, Les Bell, May/June 1981
Where Do U Get Nix?, Maria Lengas, July 1985
Where Fantasy Meets Computer Science, Stephanie Blackett, March 1982
Which Language For You?, Les Bell, May/June 1981
Why Printer When You Can Laser, Matt Whelan, January 1986
Why True Blue? — Clone City, Les Bell, June 1985
Word Factories Part II, Mark Camm, July 1981
Word Games With 'The Word', Jeff Richards, December 1983
XL: The Fifth-Generation Australian, Ian Allen, December 1985
YC Questionnaire, Derek Morris, December 1983
Yes Sydney Has A Traffic Control System, Frank Linton-Simpkins, May 1982
Yesterday I Couldn't Spell Computer . . . , Lindsay Shapero, May 1983
You Want A Computer-Controlled Rooster?, Fred Symes, November 1981
Your Computer Presents Awards, Jane Mackenzie, May 1984
Your Computer's Bulletin Board, Evan McHugh, October 1984

REVIEWS — Books:

(Format: Book name and author, story title, author, issue)

30 Computer Programs For The Homeowner: D Chance, Book Reviews, Les Bell, April 1983
55 Advanced Computer Programs in BASIC., Book Reviews, Derek Morris, December 1982
A Programmer's Notebook: David Cortesi, Your CP/M Computer, Bill Bolton, July 1983
Advanced (dBase) Programmer's Guide: Ashton-Tate, Advanced Programmer's Guide, dBasell/III, Rose Vines, June 1985
An Introduction To Pascal: Neill Graham, The Good Oil On Pascal, Les Bell, April 1982
Apple BASIC Data File Programming: Finkel & Brown, Book Reviews, David Sharpe, December 1982
Apple Machine Language: Don and Kurt Inman, Book Reviews, M R Dunmill, December 1982
Apple Pascal Games: D Hergert/J Kalash, Book Reviews, Les Bell, April 1983
Australian Microcomputer Handbook: Tony Webster, Book Reviews, Les Bell, January 1982
Bag Of Tricks, Need A Bag Of Tricks?, Caroline Christie, August 1982
Beyond Games: Ken Skier, Book Reviews, Eric Lindsay, April 1983
Bit By Bit: Stan Augarten, George Allen & Unwin, An Illustrated History Of Computers, Kate Storey, October 1985
C: A Reference Manual: S Harbison/G Steele, Books On C And Unix, Rod Whitworth, July 1985
Computer Reference Guide's Software Handbook., Book Reviews, Les Bell, April 1983
Computerworld's Greenbook Of Software/Services, Book Reviews, Les Bell, April 1983
CRT Controller Handbook: Gerry Kane, Books In Brief, Eric Lindsay, June 1984
Digital Circuits Ready-Reference: John Markus, Book Reviews, Eric Lindsay, December 1983
Digital Electronics Hands On: George Young, Book Reviews, Eric Lindsay, December 1983
Doing Business With Pascal: Richard/Douglas Herger, Book Reviews, Les Bell, August 1983
Doing Business With SuperCalc., Book Reviews, Les Bell, August 1983
Getting Started On The Microbee: Lukes/Hartnell, Microbee — BASIC to Wordbee Transfer, Mike Newnham, December 1984
Information Systems Design: Brookes/Grouse/et al., Book Reviews, Les Bell, August 1983
Inside CP/M: David Cortesi, Your CP/M Computer, Bill Bolton, July 1983
Introduction to C: Paul M Chirlian, Books On C And Unix, Rod Whitworth, July 1985
Introduction To Pascal Including UCSD: Rodney Zaks, Book Reviews, Les Bell, January 1982
Learning To Program In C: Thomas Plum, Heard On The Bus, Leon Yendor, June 1983
MBASIC Handbook by Walter Ettlin/Gregory Solberg, MBASIC Handbook, Mike Murray, September 1984
Microcomputers Don't Byte: A Maggs E Ray T Webster, Book Reviews, Les

5-YEAR INDEX

Bell, January 1982
Microprocessor Software DATA Book, Book Reviews, Les Bell, April 1983
Pascal Primer: David Fox and Mitchell Waite, The Good Oil On Pascal, Les Bell, April 1982
Pascal Programming For The Apple: TG Lewis, The Good Oil On Pascal, Les Bell, April 1982
Pascal Programming Structures: George W Cherry, Book Reviews, Les Bell, January 1982
Pascal User Manual and Report: Jensen and Wirth, The Good Oil On Pascal, Les Bell, April 1982
Problem-Solving Principles: RE Prather, The Good Oil On Pascal, Les Bell, April 1982
Real World Unix: John Halamka, Books On C And Unix, Rod Whitworth, July 1985
Texas Instruments Electronics Textbooks, Book Reviews, Eric Lindsay, February 1984
The Byte Book Of Pascal: Blaise Liffick, The Good Oil On Pascal, Les Bell, April 1982
The C Primer: Les Hancock/Morris Kreiger, Your CP/M Computer, Bill Bolton, July 1983
The C Puzzle Book: Alan R Feuer, Your CP/M Computer, Bill Bolton, December 1982
The Cheap Video Cookbook: Don Lancaster, Books In Brief, Eric Lindsay, June 1984
The Crooked Computer: William G Shingler Jr., Book Reviews, Eric Lindsay, December 1983
The RS-232 Solution: Joe Campbell, Sybex Books, The Tyranny Of Standards, Evan McHugh, February 1985
TRS-80 Graphics For The Model 1 & 3: Kater/Thomas, Book Reviews, Rod Stevenson, December 1982
TRS80 Color Programs: Rom Rugg and Phil Feldman, Book Reviews, Les Bell, August 1983
TRS80 Extended Colour BASIC Manual, Manual Labour, Eric Ulevik, May 1983
UCSD Pascal — A Beginner's Guide: JNP Hume RC Holt, The Good Oil On Pascal, Les Bell, April 1982
Understanding C: Bruce H Hunter, Books On C And Unix, Rod Whitworth, July 1985
Unix Programmer's Manual: Bell Laboratories, Books On C And Unix, Rod Whitworth, July 1985
Various titles, Holiday Reading, Evan McHugh, January 1985

Statistical Analysis II — F Ratios, John L Plummer, July 1983
Steelworkers Take To Home Movies, Norman Kemp, December 1984
Store It In The Archives, Les Bell, May 1982
Structured Programming — Part VI, Phil Grouse, September 1985
Supervyz Your Office, Les Bell, October 1982
Systems Analysis In Small Business, Les Bell, November 1981
Take Up Thy Computer And Walk, Les Bell, September 1982
Take Up Thy Computer And Walk, Les Bell, September 1982
Taking Care Of Floppies, Chris Seers, December 1982
Talking Tallyphone, Evan McHugh, April 1984
Terminals — Dumb or Smart, Evan McHugh, October 1984
Testing The Brakes Before You Have To, Fred Symes, January 1982
The Big Sell Of The Little IBM, John Hall/John Skaller, Jan/Feb 1983
The Byter Bit, M U Grubb, April 1983
The Computerised Journo, Phil Scott, August 1983
The Database World's Newest Star, Les Bell, July 1983
The Electric Desk, Howard Karten, December 1984
The Final Word?, David Vaughan, August 1983
The Great Database Search, Matt Whelan, June 1984
THE Home Accountant, Peter Sandys, November 1982
The Juicier Apple, Les Bell, July 1982

5-YEAR INDEX

The Minder, Les Bell, August 1983
The Model Business, Les Bell, March 1982
The Model Business — CalcStar, Les Bell, March 1982
The Model Business — HP41C, Les Bell, March 1982
The Model Business — MicroModeller, Les Bell, March 1982
The Model Business — Panaplan, Les Bell, March 1982
The Model Business — Planfin/Profin, Les Bell, March 1982
The Model Business — Target Planner, Les Bell, March 1982
The Model Business — Visicalc, Les Bell, March 1982
The Perfect Package, Les Bell, April 1983
The Professional System 80 . . . , Les Bell, June 1982
The Success of Six-S, Les Bell, July 1981
The Third Wave!, Sonia Beesley, February 1985
The Turbocharged IMS, Les Bell, July 1982
The Ultimate Portable?, Les Bell, November 1982
The Winner, By A NEC . . . , Les Bell, May 1983
There's A Micro In Your Futures, George Phillipou, December 1981
Tom Thumb v The Goliaths, Norman Kemp, June 1984
Toshiba T100, John Nicholls, October 1983
Toshiba Tryout, Les Bell, June 1982
Tracking The Cash, Les Bell, December 1982
Underground — Scrub, Word Count, Fogfin, John Hepworth, December 1985
Up-Date dBase? How Dare You!, Monty Jaboor, Jan/Feb 1983
Up-Dating dBase II, John Hastwell-Batten, November 1982
User Friendly — User Insulting?, Howard Karten, August 1984
Versatile Burroughs B20, John Nicholls, October 1983
VERSAtile Forms, Peter Sandys, November 1982
Viatel Grapevine, Norman Kemp, April 1985
VisiOn, Les Bell, April 1984
Wang-Style Word Processing, Dom Swinkels, February 1984
What Really Happened To Osborne?, Bill Bolton, April 1984
What Will You Do With Your IBM, Les Bell, Jan/Feb 1983
Where Did All The Money Go?, Stanley Felinski, October 1982
Why True Blue? — Clone City, Les Bell, June 1985
Word Factories, Les Bell, May/June 1981
Word Factories Part II, Mark Camm, July 1981
You Want A Computer-Controlled Rooster?, Fred Symes, November 1981
Your Apple Computer, Peter Sandys, Jan/Feb 1983
Your Apple Computer — Time Manager, Peter Sandys, July 1981

EDUCATION

(Format: Story title, author, issue)

A.C.S. — A Classy School, Greg Hawkins, August 1982
Breaching Cultural Barriers, Apple Education News, September 1984
British Initiative, Jack Cross, August 1984
British Microelectronics Program Manager, Penman, August 1984
Choosing Educational Software, Dr John Barrett, August 1984
Close-Up On The Action, Natalie Filatoff, September 1984
Competitions For Computerkids, Keith Stewart, May 1982
Computer Growth — Art Of Getting Smaller, John Mellor Tony Blackie, November 1981
Computer Literacy Or Bust, Professor V X Gledhill, August 1981
Computers In Education (Chaos/Coherence), Natalie Filatoff, August 1984
Computers In The Classroom, Les Bell, May/June 1981
Computing — Equal Opportunity Industry?, Fred Symes, August 1981
Courseware Cross-section, John Barrett and others, August 1984
Courseware Cross-Section, F Lee/R Porter/others, September 1984
Dreams and Reality of Computer Education, Natalie Filatoff, November 1984
Education Computers, Dr John Barrett, December 1981
Elami — Your Friendly Robot, Tom Moffat, December 1983
How To Write For Your Computer, Natalie Filatoff, May 1985
It Won't Byte You, Les Bell, May/June 1981
Kids On Chip Row, Mark Camm, May/June 1981
Learning CP/M From Cassettes, Evan McHugh, May 1984
Learning With The Tortoise, Peter Thacker, April 1984

Learning WordStar By Cassette, Evan McHugh, February 1984
MailMerged Micro Tests, David Bailey, March 1983
MicroNavigation, Trevor Jones, December 1982
Pocket Programs, Brian Fowler, August 1982
R & D In The Kindergarten, Asian Wall St Journal, September 1984
School's In — For Some, Tony Blackie, August 1981
Software Sources, Staff, August 1984
Space Math — Spaced Out, Albin Wallace, April 1983
State Policies Tied Up in Red Tape?, Natalie Filatoff, August 1984
Tandy's Educational Authoring, Jim Rennie, Jan/Feb 1983
Tandy's Educational Courseware, Dr John Barrett, March 1982
Teachers: Computer Illiterates?, Prof. A H Willis, September 1984
Teaching Your Computer To Teach, Dr John Barrett, October 1982
The ABC Of The BBC, David Badger, June 1983
The Apple Isle Shows The Way, McShane Brownell and Read, February 1982
The Humble Keyboard Revisited, Evan McHugh, May 1984
The REAL Paper Computer, Tony Blackie, August 1981
The Versus Syndrome, Mark Camm, July 1981
Yesterday I Couldn't Spell Computer . . . , Lindsay Shapero, May 1983
You Want To Write Instructional Programs, Dr John Barrett, February 1982
Zen And The Art Of Educational Software, Les Bell, January 1982

POCKET PROGRAMS — Apple:

(Format: Program name, machine written for, language, story title, author, issue)

Adventure-Style Game, Apple II/Other Pascals, G-Pascal, Your Own Pascal Adventure, Nick Gammon, August 1982
80-Column Hello, Apple II, BASIC, Pocket Programs, R Chalmers, January 1985
Apple 'Ullo, Apple II, BASIC, Pocket Programs, Greg Stringer, July 1981
Apple Calendar, Apple II, BASIC, Pocket Programs, Geoff W Black, August 1982
Apple Space War, Apple II, BASIC, Pocket Programs, M J Smith, November 1982
Azirka Attack, Apple II, BASIC, Pocket Programs Bonus Liftout, M J Smith, July 1983
Bit Muncher, Apple II, BASIC/MC, Bit Muncher, Ian Chia, March 1985
Boolean Logic in One-Line prgs, Apple II, BASIC, Pocket Programs, John Fisher, September 1984
Classroom Computers, Apple II, BASIC, Pocket Programs, Brian Fowler, August 1982
Cricket, Apple II, BASIC, Bonus Book Of Priceless Programs, Richard de Meester, May 1985
Custom Letterheader, Apple II, BASIC, Pocket Programs, Martin Donnon, April 1985
DOS 3.3 Disk Peeker, Apple II, BASIC, Apple Disk Peeker, Steven Zanker, November 1982
Epson Connections, Apple II, Pascal, Pocket Programs Bonus Liftout, John Marquet, May 1983
Geometric Graphics, Apple II, BASIC/ML, Pocket Programs, Ian Chia, November 1982
Hackatext, Apple II, BASIC, Pocket Programs Bonus Liftout, Derek Au, May 1983
Hex/Decimal Conversion, Apple II, BASIC, Pocket Programs, R.E.B., August 1982
Keyboard Update, Apple II, Machine/L, Apple Keyboard Update, Steven Zanker, Jan/Feb 1983
Machine Code For BASIC, Apple II, BASIC, Pocket Programs Bonus Liftout, Derek Au, May 1983
Manhole Mania, Apple II, BASIC, Pocket Programs Bonus Liftout, Mike E Bantick, December 1982
Mass Drawer, Apple II, BASIC, Pocket Programs Bonus Liftout, Dino Ganci, December 1982
Merry Christmas, Apple II, BASIC, Pocket Programs Bonus Liftout, Derek Au, May 1983
Reactor Chase, Apple II, BASIC, Pocket Programs, R Woodhouse, March

Happy Birthday

1985

Removing REMarks, Apple II, BASIC, Pocket Programs, Clyde McLennan, September 1982

Screen Width Formatter, Apple II, BASIC/ML, Pocket Programs, Chris Cotterill, November 1982

Shape Table Creator, Apple II, BASIC, Easy-Does-It Apple Shape Tables, A J McCutcheon, Jan/Feb 1983

Sine & Cosine, Apple II, BASIC, Teaching Your Computer To Teach, Dr John Barrett, October 1982

Siren, Apple II, BASIC, Pocket Programs Bonus Liftout, Robert Chalmers, May 1983

Snake Maze, Apple II, BASIC, Pocket Programs Bonus Liftout, M J Smith, July 1983

Student Assignment System, Apple II, BASIC/WP, MailMerged Micro Tests, David Bailey, March 1983

Tape Backup Utility, Apple II, BASIC, Tape Archiving For Apple Disks, Steven Zanker, September 1982

The Wriggling Snake, Apple II, BASIC, Pocket Programs, M J Smith, July 1982

Tower Of Hanoi, Apple II, BASIC, Pocket Programs Bonus Liftout, M J Smith, May 1983

Two-Computer Tic-Tac-Toe, Apple II, BASIC, Play Games By Modem!, Nick Gammon, September 1982

Ullo Again, Apple II, BASIC, Pocket Programs Bonus Liftout, Steven Zanker, May 1983

Ullo Revisited, Apple II, BASIC, Pocket Programs Bonus Liftout, Derek Au, May 1983

Zardax to DIF, Apple II, BASIC, Pocket Programs, Anthony Barnett, January 1985

Frequency Histogram, Apple Macintosh, Pocket Programs, Philip Cookson, December 1985

Pascal Disk Reader, Apple with Lang, System, UCSD, Pocket Programs, Hank Cooper, July 1982

Apcon.Bas File Converter, Apple, MBASIC, Pocket Programs, Les Bell Matt Whelan, August 1981

Apple Colour Graphics, Apple, BASIC, Pocket Programs Special, Scott Ditter, June 1982

Apple Disk Copy, Apple, BASIC, Pocket Programs, Steven Zanker, May 1982

Applesoft Word Checker, Apple, BASIC, Pocket Programs, Peter Jarvis, August 1981

Art Encore, Apple, BASIC, Your Apple Computer, Steve Zanker, December 1981

Beginning And Ending, Apple, M/L, Pocket Programs Liftout, Michael Phillips, September 1983

Debugging, Apple, BASIC, Pocket Programs Liftout, W Hughes, September 1983

Decimal-Hex, Apple, BASIC, Pocket Programs Liftout, R Chalmers, November 1983

Dodgies, Apple, BASIC, Pocket Programs Liftout, Michael Wann, November 1983

Draw, Apple, BASIC, Pocket Programs Liftout, Martin Scerri, March 1984

File Length & Address, Apple, BASIC, Pocket Programs Liftout, Robert Chalmers, January 1984

File Reader/Writer, Apple, BASIC, Pocket Programs Liftout, R Badby, September 1983

Galactic War, Apple, BASIC, Pocket Programs Liftout, Michael Wann, November 1983

Graphing Utility, Apple, BASIC, Pocket Programs Liftout, Victor Zalakos, January 1984

Hi-Res Page Peeker, Apple, BASIC, Pocket Programs, Tony Humfrey, July 1984

RAT Trap, Apple, BASIC, Pocket Programs, Brian Walsh, May 1982

Slide The Letters, Apple, BASIC, Pocket Programs, Michael Phillips, May 1982

Space Chaser, Apple, BASIC, Pocket Programs, Bradley Thurkettle, May 1982

Supermaze, Apple, BASIC, Pocket Programs Liftout, Martin Donnon, January 1984

The Game, Apple, BASIC, Pocket Programs, Tony Humfrey, July 1984

POCKET PROGRAMS — Commodore:

(Format: Program name, machine written for, language, story title, author, issue)

Compatibility Analysis, Commodore 16, BASIC, Bonus Book Of Priceless Programs, Mark Wilkinson, May 1985

Bomb Disposal, Commodore 4016, BASIC, Pocket Programs Bonus Liftout, Mark Sager, July 1983

Pet Screen Grid, Commodore 4016, BASIC, Pocket Programs Liftout, Peter Bungay, January 1984

City Bomber, Commodore 64, BASIC, Pocket Programs, Paul Vandenberg, July 1985

Computer Cricket, Commodore 64, BASIC, Pocket Programs, K A Vonhoff, March 1985

Diamond Miner, Commodore 64, BASIC, Bonus Book Of Priceless Programs, Paul Vandenberg, May 1985

DOS Saver, Commodore 64, BASIC/MC, Commodore — DOS, Wedge, Sprites, Ian Allen, September 1985

Electronic Typewriter, Commodore 64, BASIC, Pocket Programs, Paul Vandenberg, January 1985

Message Encryptor, Commodore 64, BASIC, Pocket Programs, Peter Foye, April 1986

Meteor, Commodore 64, BASIC, Pocket Programs, David Abram, January 1985

Wilderness, Commodore 64, BASIC, Pocket Programs, Andrew Stuart, April 1986

Designs, Commodore PET, BASIC, Pocket Programs Liftout, Douglas Fahlbusch, November 1983

Maze-Maze, Commodore PET, BASIC, Pocket Programs, Adam Smith, November 1982

Formula 1, Commodore VIC-20, BASIC, Pocket Programs, Greg Hoskins, June 1986

VIC-20 Combat, Commodore VIC-20, BASIC, Pocket Programs Special, Ric Kube, June 1982

Address List, Commodore, BASIC, Pocket Programs Liftout, Simon Jones, September 1983

Alien, Commodore, BASIC, Pocket Programs Liftout, S Jones, January 1984

Commodore Park, Commodore, BASIC, Your PET Computer, Peter Sandys, January 1982

Cricket Match, Commodore, BASIC, Pocket Programs, David Abram, July 1984

Disk File Copy, Commodore, BASIC, Pocket Programs Liftout, N Carlsen, November 1983

Function Plotter, Commodore, BASIC, Pocket Programs Liftout, Chris Allen, September 1983

Graphics Editor, Commodore, BASIC, Your VIC Computer, Andrew Farrell, September 1983

Hangman, Commodore, BASIC, Pocket Programs Liftout, Chris Makowski, March 1984

Mercuron, Commodore, BASIC, Pocket Programs Liftout, Grant Woolston, September 1983

Piano, Commodore, BASIC, Pocket Programs Liftout, Douglas Fahlbusch, November 1983

Queer Stories, Commodore, BASIC, Pocket Programs Liftout, Michael Wann, March 1984

Scramble, Commodore, BASIC, Pocket Programs, Duncan Morrison, July 1984

Screen Dump, Commodore, Your Pet Computer, Robert Mitchell, March 1982

Shoot-em-Up, Commodore, BASIC, Pocket Programs Liftout, Mark Wilkinson, January 1984

Snake, Commodore, BASIC, Pocket Programs Liftout, C J Allen, November 1983

Sprite Racer, Commodore, BASIC, Pocket Programs Liftout, Justin Bridgman-Lee, January 1984

Tortoise, Commodore, Learning With The Tortoise, Peter Thacker, April 1984

5-YEAR INDEX

Video Poker, Commodore, BASIC, Pocket Programs Liftout, Ian Forster, March 1984
YAM-compatible comms program, Commodore, G-Pascal, C64 Communications Program, Nick Gammon, March 1984

POCKET PROGRAMS — CP/M:

(Format: Program name, machine written for, language, story title, author, issue)

Date Converter, CP/M IBM, dBase II, Text File, Anthony Barnett, April 1984
Printer Initialisation Program, CP/M Machines, BASIC, Pocket Programs, Martin Derkley, July 1986
CB80/86 I/O Library, CP/M, IBM Compatibles, CBASIC, Bonus Book Of Priceless Programs, Matt Whelan, May 1985
Find, CP/M, IBM Compatibles, dBase, Bonus Book Of Priceless Programs, Peter Grosvenor, May 1985
FIXDBF.BAS, CP/M, IBM Compatibles, CBASIC, Bonus Book Of Priceless Programs, Matt Whelan, May 1985
Memory Sizing, CP/M-86 machines, Assembler, Your CP/M Computer, Bill Bolton, April 1983
dBase Date Routine, CP/M, Assembler, Up-Dating dBase II, John Hastwell-Batten, November 1982
dBase II Date Routine, CP/M, dBase, Up-Date dBase? How Dare You!, Monty Jaboor, Jan/Feb 1983
Envelope Addresser, CP/M, BASIC, Your Osborne Computer, Steve Townsend, December 1983
Fogindex, CP/M, PL/I-ASM, You Speak PL/I, Don't You Les Bell, December 1982
MBASIC Tokens, CP/M, BASIC, Pocket Programs Bonus Liftout, Jeff Richards, May 1983
Quickdraw, CP/M, BASIC, Pocket Programs Liftout, Paul Bachelor, November 1983
Scrub, CP/M, C, Your CP/M Computer, Bill Bolton, August 1983
Terminal Emulator Program, CP/M, Assembler, Understanding Assembler — Part IV, Les Bell, May 1982
Unscrub, CP/M, C, Your CP/M Computer, Bill Bolton, May 1984
WC (Word Count), CP/M, C, Understanding Assembler — Part XIII, Les Bell, October 1983
DBCMD.A86, dBase under MP/M, CCP/M, Assembler, Programmer's Workbench, Les Bell, March 1985
TELDIR 1.00, IBM AND CP/M, BASIC, A Better Mousetrap . . . , Lloyd Borrett, August 1983
CP/M 2.2 Bitmap, Osborne, Other CP/M, Assembler, Your Osborne Computer, Greg Stringer, June 1983
CP/M BIOS Extensions, S-100 CP/M, Assembler, CP/M Without Tears, Jeff Richards, November 1981
File Conversion Program, Sorcerer, other CP/M, CBASIC, Pocket Programs Bonus Liftout, Mark James, July 1983

POCKET PROGRAMS — IBM:

(Format: Program name, machine written for, language, story title, author, issue)

Date Converter, CP/M IBM, dBase II, Text File, Anthony Barnett, April 1984
CB80/86 I/O Library, CP/M, IBM Compatibles, CBASIC, Bonus Book Of Priceless Programs, Matt Whelan, May 1985
Find, CP/M, IBM Compatibles, dBase, Bonus Book Of Priceless Programs, Peter Grosvenor, May 1985
FIXDBF.BAS, CP/M, IBM Compatibles, CBASIC, Bonus Book Of Priceless Programs, Matt Whelan, May 1985
TELDIR 1.00, IBM AND CP/M, BASIC, A Better Mousetrap . . . , Lloyd Borrett, August 1983
FF.COM, IBM Compatibles, Assembler, IBM — Norton Update, Crazy .COM, DIY-DOS, John Hepworth, June 1985
Hex Dump Program, IBM Compatibles, BASIC, Beep! Beep!, Frank Lee, January 1985
Menu System, IBM Compatibles, BASIC, Programmer's Workbench, Les Bell, December 1984

Get (Comms package), IBM, PL/I, Leeward Of Mount Crisis, Frank Lee, May 1984

GET-DATE, IBM, BASIC/ASM, IBM — Assembler interfaces, John Hepworth, May 1986

Send (Comms package), IBM, PL/I, Leeward Of Mount Crisis, Frank Lee, May 1984

POCKET PROGRAMS — MicroBee:

(Format: Program name, machine written for, language, story title, author, issue)

Address Book, Microbee, BASIC, Pocket Programs, Jon Barnett, September 1984
Asteroids, MicroBee, BASIC, Pocket Programs Liftout, Denis Crowdy, January 1984
Attack Of The Zargons, MicroBee, BASIC/ML, Pocket Programs Liftout, Mark Morris, September 1983
Babysitting Club, MicroBee, BASIC, Pocket Programs Bonus Liftout, Chris Hinge, July 1983
Banner, Microbee, BASIC, Pocket Programs, Scott Tester, September 1984
Banner, Microbee, BASIC, Pocket Programs, Richard Larkin, October 1985
BASIC Subroutine, Microbee, Pocket Programs, Ian Gorr, January 1986
Bee Clock, MicroBee, BASIC, Pocket Programs Liftout, Bernard Wansbrough, November 1983
BEE Countdown, MicroBee, BASIC, Pocket Programs Bonus Liftout, Eric Eulenstein, December 1982
Bricks, Microbee, BASIC/MC, Pocket Programs, Richard Larkin, July 1985
MicroBee, BASIC, Pocket Programs Liftout, Steven Mileham, September 1983
Catter, Microbee, BASIC, Pocket Programs, Richard Larkin, October 1985
Clock, Microbee, BASIC, Bonus Book Of Priceless Programs, Jeremy Fenton, May 1985
Colour line, Spring Flowers, Microbee, BASIC, Microbee — Routines for colour machines, Colin Tringham, June 1985
Cuppin, Microbee, BASIC, Pocket Programs, Richard Larkin, April 1985
Data Maze, MicroBee, BASIC, Pocket Programs, John Quinn, July 1984
Difficulty, Microbee, BASIC, Pocket Programs Bonus Liftout, M Alexander, May 1983
Direction And Distance, Microbee, BASIC, Pocket Programs Bonus Liftout, Peter Nesbitt, May 1983
Disk-based Ledgermaster, Microbee, BASIC, Son of Ledgermaster, Lyndsay Ford, March 1986
Drawer, Microbee, Pocket Programs, Ken Rowe, January 1986
Earth, Microbee, BASIC, Pocket Programs, Richard Larkin, April 1985
Easter Sunday, MicroBee, BASIC, Pocket Programs Liftout, R Watkins, November 1983
Elongated Characters, Microbee, BASIC, Pocket Programs, John Quinn, April 1985
FN Definition, MicroBee, BASIC, Pocket Programs, Petr Lukes, January 1985
Golden Eagle Pokies, Microbee, BASIC, Pocket Programs, James Saunders, March 1986
Graphic Painter, MicroBee, BASIC, Pocket Programs Liftout, Tony Lock, January 1984
Guess3, Microbee, BASIC, Pocket Programs, Lonnie Riley, April 1986
Hangman, MicroBee, BASIC, Pocket Programs Liftout, Mark Giandomenico, January 1984
High-Res on Screen 2, Microbee, BASIC, Pocket Programs, Ian Florence, March 1986
K9 — Dr Who's Dog, Microbee, BASIC, Pocket Programs, Jason Costa, April 1985
Ledgermaster, Microbee, BASIC, Bonus Book Of Priceless Programs, Lindsay Ford, May 1985
Lotto Draw, MicroBee, BASIC, Pocket Programs, Peter Heywood, July 1984
Lottor, Microbee, BASIC, Pocket Programs, Ash Nallawalla, March 1986
Memory Dump, MicroBee, BASIC, Pocket Programs Liftout, David Morrison, January 1984
Menu System, Microbee, BASIC/MC, Microbee — Autoboot menus on disk,

Happy Birthday

Alan Goodison, April 1985
MicroBee With Character, MicroBee, BASIC, Pocket Programs Bonus Liftout, Harry Purvis, December 1982
MicroBee With Character, MicroBee, BASIC, Pocket Programs Bonus Liftout, John Tester, July 1983
Mileage Master, Microbee, BASIC, Pocket Programs Bonus Liftout, Peter Ford, May 1983
Motorbike Trials, Microbee, BASIC, Bonus Book Of Priceless Programs, Ken Rowe, May 1985
Music Generator, MicroBee, BASIC, Make That Bee Buzz!, Ash Nallawalla, May 1983
Musical Microbee, Microbee, BASIC, Pocket Programs, Drew Krix, June 1985
Noughts and Crosses, Microbee, BASIC, Pocket Programs, Tim Cooper, January 1985
Ode To Joy/Harmonic Analysis, MicroBee, BASIC, Microbee Music II: Roll Over Beethoven, Milan Hudacek, July 1983
Pig, Microbee, BASIC, Pocket Programs, Richard Larkin, April 1985
Pocket Puzzle, Microbee, Pocket Programs, Lonnie Riley, January 1986
Pontoon, Microbee, BASIC, Pocket Programs Bonus Liftout, Jim Hendrickson, May 1983
Projectile Motion, Microbee, BASIC, Pocket Programs, Richard Larkin, April 1985
Safe Lock, MicroBee, BASIC, Pocket Programs Liftout, Paul Smith, September 1983
Scissors, Rocks and Paper, Microbee, BASIC, Pocket Programs, Tim Cooper, January 1985
Screen Dump, MicroBee, BASIC, Your MicroBee Computer, Mike Newnham, September 1983
Screen Dump, MicroBee, M/L, Pocket Programs Liftout, Daniel Wong, March 1984
Shooting Gallery, MicroBee, BASIC, Pocket Programs, John H Cameron, September 1982
Simple Accounting, Microbee, BASIC, Pocket Programs, Graham Upshall, August 1985
Simple Accounting, Microbee, Pocket Programs, Graham Upshall, January 1986
Smaker, Microbee, Pocket Programs, Richard Larkin, January 1986
Sound Effects, MicroBee, MicroBee Music — The Tone Generator, Milan Hudacek, June 1983
Spacecraft Lander, Microbee, BASIC, Pocket Programs, Stephen White, September 1984
Surround, Microbee, BASIC, Pocket Programs, Graham Upshall, April 1985
Topsy Turvy, MicroBee, BASIC, Pocket Programs Liftout, Richard Larkin, September 1983
Typing Tutor, MicroBee, BASIC, Pocket Programs Liftout, David Morrison, November 1983
Utest, MicroBee, M/L, Pocket Programs Liftout, Mike Newnham, March 1984
Variable Displayer, Microbee, Assembler, Pocket Programs, Phillip Pulle, June 1986
Variable Lister, MicroBee, MicroBee Variables, Eric Lindsay, August 1983

POCKET PROGRAMS — Peach:

(Format: Program name, machine written for, language, story title, author, issue)

Peach Pools, Hitachi Peach, BASIC, Pocket Programs Special, B M Sharif, June 1982
TYPE.BAS, Hitachi Peach, BASIC, Pocket Programs, Philip Cookson, July 1985
Alarm Clock, Peach, BASIC, Pocket Programs Bonus Liftout, Philip Cookson, May 1983
Calendar, Peach, BASIC, Your Hitachi Computer, Dom Swinkels, May 1984
Disk Map, Peach, BASIC, Your Hitachi Computer, Dom Swinkels, February 1984
Disklook, Peach, BASIC, Your Peach Computer, Dom Swinkels, August 1983
Fuel Consumption, Peach, BASIC, Pocket Programs Bonus Liftout, Mrs Joan Mann, December 1982

Life Simulation, Peach, BASIC, Pocket Programs Liftout, J L Elkhorne, March 1984
Memlook I, Peach, BASIC, Your Peach Computer, Dom Swinkels, November 1982
Remprint, Peach, BASIC, Pocket Programs Liftout, D J Omond, November 1983
Simpson, Peach, BASIC, Pocket Programs, Philip Cookson, July 1984
Sounds, Peach, BASIC, Your Peach Computer, Dom Swinkels, March 1983
The Growing Screen, Peach, BASIC, Pocket Programs Bonus Liftout, Jack Dikian, July 1983
Turing Machine Simulator, Peach, BASIC, The Elusive Turing Machine, Jack Dikian, July 1983
Wordgame, Peach, BASIC, Pocket Programs Liftout, Philip Cookson, March 1984

POCKET PROGRAMS — Sharp/Tandy Pocket Computers:

(Format: Program name, machine written for, language, story title, author, issue)

Maths Exerciser, Sharp MZ700, BASIC, Pocket Programs, Tony Calciano, April 1985
Safe Cracker, Sharp MZ700, BASIC, Pocket Programs, Tony Calciano, April 1985
Tidy, Sharp MZ700, BASIC, Pocket Programs, Matthew Cochrane, April 1986
Alien Attack, Sharp/Tandy Pocket Comps., BASIC, Pocket Programs Bonus Liftout, Scott Story, May 1983
Fuel Consumption, Sharp/Tandy Pocket Comps., BASIC, Pocket Programs Bonus Liftout, R J McLean, July 1983
Mark Prediction, Sharp/Tandy Pocket Comps., BASIC, Pocket Programs Bonus Liftout, Claude Colle, May 1983
Pocket Word Processor, Sharp/Tandy Pocket Comps., BASIC, Pocket Programs, S Corrigan, November 1982
Spaceship Lander, Sharp/Tandy Pocket Comps., BASIC, Pocket Programs Bonus Liftout, Claude Colle, May 1983
Autobahn, Sharp/Tandy Pocket Comps, BASIC, Pocket Programs, D Downs, July 1984
Car Computer, Sharp/Tandy Pocket Comps, BASIC, Pocket Programs Liftout, Phil Carter, March 1984
Caverns Of Krull, Sharp/Tandy Pocket Comps, BASIC, Pocket Programs Liftout, John Edwards, November 1983
Dashboard Computer, Sharp/Tandy Pocket Comps, BASIC, Pocket Programs Liftout, Claude Colle, January 1984
File, Sharp/Tandy Pocket Comps, BASIC, Pocket Programs, Darrell Berry, September 1984
Menstruation Forecast, Sharp/Tandy Pocket Comps, BASIC, Pocket Programs Liftout, Claude Colle, January 1984
Morse Tutor, Sharp/Tandy Pocket Comps, BASIC, Pocket Programs, Basil Heath, June 1985
Obesity, Sharp/Tandy Pocket Comps, BASIC, Pocket Programs Liftout, Claude Colle, January 1984
Pontoon, Sharp/Tandy Pocket Comps, BASIC, Pocket Programs, Darrell Berry, September 1984
Statistics I/II, Sharp/Tandy Pocket Comps, BASIC, Pocket Programs, C Colle, September 1984
Telephone Meter, Sharp/Tandy Pocket Comps, BASIC, Pocket Programs Liftout, Phil Carter, March 1984
Weight Watchers, Sharp/Tandy Pocket Comps, BASIC, Pocket Programs Liftout, Claude Colle, March 1984
Wordex, Sharp/Tandy Pocket Comps, BASIC, Pocket Programs Liftout, S Corrigan, September 1983

POCKET PROGRAMS — Sinclair:

(Format: Program name, machine written for, language, story title, author, issue)

5-YEAR INDEX

Battleships, Sinclair ZX80, BASIC, Your ZX80 Computer, John Batty, August 1982
Real Time Clock, Sinclair ZX80, BASIC/ML, More ZX Mods, Robert Chalmers, September 1982
ZX80 Lotto Simulator, Sinclair ZX80, BASIC, Your ZX80 Computer, August 1981
Catch, Sinclair ZX81, BASIC, Pocket Programs, Paul A Barry, August 1982
DATA Functions For Sinclair, Sinclair ZX81, BASIC, Your ZX81 Computer, David Brudenall, July 1982
Genetic Drift, Sinclair ZX81, BASIC, Pocket Programs, Jon Mears, August 1982
Pontoon, Sinclair ZX81, BASIC, Pocket Programs, Chris Makowski, August 1982
The Sinclair Clock, Sinclair ZX81, BASIC, Pocket Programs, K W Hince, August 1982
Atomic Laser, Sinclair, BASIC, Pocket Programs Liftout, John Annable, November 1983
Doodler, Sinclair, BASIC, Pocket Programs, R Chalmers, July 1984
Eye Robot, Sinclair, BASIC, Pocket Programs Liftout, D Thorpe, January 1984
Gold Digger, Sinclair, BASIC, Pocket Programs Liftout, Paul Vandenberg, January 1984
Graffiti, Sinclair, BASIC, Pocket Programs Liftout, Jason Teh, January 1984
Hex To Decimal, Sinclair, BASIC, Pocket Programs Liftout, R Chalmers, March 1984
HiLo, Sinclair, BASIC, Pocket Programs Liftout, Neville Predebon, September 1983
Loader and Others, Sinclair, BASIC/ML, How I Rewrote The Language, Benjamin Smith, September 1983
Maze, Sinclair, BASIC, Pocket Programs Liftout, R Chalmers, March 1984
One-Arm Bandit, Sinclair, BASIC, Pocket Programs, R Chalmers, July 1984
Pontoon, Sinclair, BASIC, Pocket Programs, R Chalmers, July 1984
Rubik's Cube, Sinclair, BASIC, Pocket Programs Liftout, D W Moore, March 1984
Shark Bait, Sinclair, BASIC, Pocket Programs Liftout, Paul Vandenberg, November 1983
Shoot 'em Down, Sinclair, BASIC, Pocket Programs Liftout, Peter McKay, September 1983
Try And Catch Me, Sinclair, BASIC, Pocket Programs Liftout, Paul Vandenberg, January 1984

POCKET PROGRAMS — Tandy TRS80/System 80:

(Format: Program name, machine written for, language, story title, author, issue)

Pascal Disk Reader, Apple with Lang. System, UCSD, Pocket Programs, Hank Cooper, July 1982
Death Trap, System 80 TRS-80, BASIC, Pocket Programs, Tony Hinde, September 1982
Space Target, System 80 TRS-80, BASIC, Pocket Programs Bonus Liftout, Peter Endean, May 1983
The Pokies, System 80 TRS-80, BASIC, Pocket Programs, Tony Hinde, September 1982
Cramp, System 80 TRS80, Assembler, Pocket Programs, G Lawrence, May 1982
System 80 Suicide, System 80/TRS-80, BASIC, Pocket Programs, Tony Hinde, July 1982
Equation Solver, System 80, BASIC, Pocket Programs, S Chan, July 1984
Overlay, System 80, BASIC, Pocket Programs, L Wiggins, August 1982
Reaction Timer, System 80, BASIC, Pocket Programs, S Chan, July 1984
Artist, TRS-80 System 80, BASIC, Pocket Programs Bonus Liftout, Tony Hinde, May 1983
Asteroid Muncher, TRS-80 System 80, BASIC, Pocket Programs Bonus Liftout, B Brown/S Tennant, July 1983
Base Converter, TRS-80 System 80, BASIC, Pocket Programs Bonus Liftout, Richard Tooth, July 1983
Indy, TRS-80 System 80, BASIC, Pocket Programs Bonus Liftout, B Brown/S Tennant, July 1983

Mastermind, TRS-80 System 80, BASIC, Pocket Programs Bonus Liftout, Tony Hinde, May 1983
Noughts And Crosses, TRS-80 System 80, BASIC, Pocket Programs Bonus Liftout, Frank Mack, December 1982
One-Armed Bandit, TRS-80 System 80, BASIC, Pocket Programs Bonus Liftout, Kim Henkel, May 1983
Othello, TRS-80 System 80, BASIC, Pocket Programs Bonus Liftout, Tony Hinde, July 1983
System 80 Business, TRS-80 System 80, BASIC, Pocket Programs Bonus Liftout, John Beutel, December 1982
TRS-80 Tennis, TRS-80 System 80, Pocket Programs Bonus Liftout, P Wade, December 1982
Basic Hard Copy: Formatted, TRS80 System 80, BASIC, Pocket Programs Special, R D Greet, June 1982
Economic Calculations, TRS80 System 80, BASIC, Pocket Programs Special, John Buetel, June 1982
Health Benefits Calculator, TRS80 System 80, BASIC, Pocket Programs, John Richardson, January 1982
Menu For System 80, TRS80 System 80, Assembler, Pocket Programs, Joe Taylor, December 1981
Palindromic Number Generator, TRS80 System 80, BASIC, Pocket Programs — An Adda For Dadda, Frank Mack, July 1981
Renumber Utility, TRS80 System 80, Assembler, Pocket Programs, Andrew Koch, November 1981
TRS80 Software Timer, TRS80 System 80, BASIC, Pocket Programs, Dave Masters, May/June 1981
TRS80 Wumpus, TRS80 System 80, BASIC, Pocket Programs, Jon Masters, May/June 1981
Balloon Bomber, TRS80, BASIC, Pocket Programs Liftout, Graham Beland, January 1984
Basic Subroutine Facility, TRS80, Machine, Pocket Programs, R D Greet, May 1982
Book File, TRS80, BASIC, Pocket Programs, David Mineman, June 1986
Drawing Board, TRS80, BASIC, Pocket Programs Liftout, Kim Henkel, September 1983
Fuddle, TRS80, BASIC, Pocket Programs Liftout, Kim Henkel, January 1984
Grand Racer, TRS80, Assembler, Pocket Programs, Peter Holliday, September 1984
Mailist, TRS80, BASIC, Bonus Book Of Priceless Programs, David Minehan, May 1985
Math Launch, TRS80, BASIC, Bonus Book Of Priceless Programs, John Pospisil, May 1985
Paint Brush, TRS80, BASIC, Pocket Programs Liftout, Ben Brown/Shawn Tennant, September 1983
POKEing For Graphics, TRS80, BASIC, Pocket Programs Liftout, Paul Wade, September 1983
Program Generator, TRS80, BASIC, Pocket Programs Liftout, Craig Fisher, January 1984
Sideways Print, TRS80, BASIC, Pocket Programs Liftout, Tony Hinde, September 1983
Surround, TRS80, BASIC, Pocket Programs Liftout, Kim Henkel, November 1983

POCKET PROGRAMS — Other Machines:

(Format: Program name, machine written for, language, story title, author, issue)

Basic Print-Using, All, BASIC, Pocket Programs Special, P W Deckert, June 1982
General-Purpose Plotting, All, BASIC, Great Plot Clever Program, Dr David Hollway, April 1982
Mailing List Manager, All, BASIC, Basic For Birdwatchers — Part V, Les Bell, February 1982
Sort Demonstrations, All, BASIC, Basic For Birdwatchers — Part III, Les Bell, December 1981
Super Mail List, All, BASIC, Basic For Birdwatchers — Part IV, Les Bell, January 1982
Telephone Directory, All, BASIC, Basic For Birdwatchers — Part VIII, Les

Happy Birthday

Bell, June 1982
Byte Rider, Amstrad, Pocket Programs, Bruce Daniel, January 1986
Byte Rider, Amstrad, BASIC, Pocket Programs, Bruce Daniel, March 1986
Bytecycle Surround, Amstrad, BASIC, Pocket Programs, Bruce Daniel, March 1986
Doodle Drawing Program, Amstrad, BASIC, Pocket Programs, R Eiberg, April 1985
Graphics Experiments, Amstrad, BASIC, Pocket Programs, Miroslav Kosteki, July 1986
Speed Trap, Amstrad, BASIC, Pocket Programs, Miroslav Kosteki, July 1986
MBASIC Pretty-Print, Any with MBASIC, BASIC, Pocket Programs, Jeff Richards, July 1982
Disk File Fix, APT/IM 1, Pocket Programs Bonus Liftout, J L Elkhorne, May 1983
Lotto Checker, Atari, BASIC, Your Atari, Ernie Sugrue, October 1984
Tattscan, Atari, BASIC, Pocket Programs Liftout, Paul Scofield, November 1983
The Forth Emulator, BASIC, Pocket Programs, Tim Hartnell, February 1986
300-Baud Terminal Program, BBC, BASIC, Pocket Programs, Bruce Mitchell, February 1986
Bingo, BBC, BASIC, Pocket Programs, Syd Sanders, July 1985
Colour Mixing, BBC, BASIC, BBC, Dotty, View Bugs, Electron Progs, Bruce Mitchell, October 1985
Life Simulation, BBC, BASIC, Pocket Programs Liftout, G Armitage, November 1983
Loan Print, BBC, BASIC, Pocket Programs, Kenneth Nicholls, June 1985
Program Pixels, Bondwell 14, Pascal, Pocket Programs, Wilfred Kazoks, February 1986
Cursor Definition, Bondwell, BASIC/ASM, Bondwell — Selecting Cursor Shape, Jeff Richards, November 1985
Graphics Routines, Bondwell, BASIC, Pocket Programs, Jeff Richards, February 1986
Dungeon Adventure, Casio 602P Calculator, Pocket Programs, Mark Leeming, July 1986
CB80/86 I/O Lib. extra files, CHASIC, Pocket Programs, Matt Whelan, July 1985
Text Manipulator, Compucolour II, BASIC, Almost A Word Processor, D Mason, September 1982
Expert System Shell, Build Your Own Expert System, Tim Hartnell, September 1985
Cube Rotation, Hitachi MB 160C1, BASIC, Pocket Programs Liftout, M Jarvis, November 1983
Life Tables, HP3000, BASIC, Pocket Programs Liftout, Phil Carter, March 1984
INKEY for dBase, dBase, Programmer's Workbench, Les Bell, September 1985
Keyboard setup, Kaypro II, Assembler, Your Kaypro Computer, Jeff Richards, June 1983
SETB.ASM, Kaypro, Assembler, Your Kaypro, Jeff Richards, October 1984
M80SYM.C, C, Pocket Programs, Jeff Richards, February 1986
Text Tidier, MBASIC, BASIC, Pocket Programs Liftout, Roger Browne, September 1983
Animals, most machines, MBASIC, Basic For Birdwatchers — Part XI, Les Bell, October 1982
Adventure Shell, Most, BASIC, Creating Your Own Adventures, Tim Hartnell, June 1986
dBase II Structure Editor, Most, PL/I, Programmer's Workbench, Les Bell, April 1985
Envelope Program, Most, BASIC, Programmer's Workbench, Les Bell, December 1984
Envelope Program, Most, PL/I, Programmer's Workbench, Les Bell, December 1984
Financial Analysis, Most, BASIC, PCs In Marketing — Part III, Les Bell, October 1985
Prime Number Benchmark, Most, PL/I, The Portable Computer Company's Portapak, Frank Lee, December 1984
Search Routines, Most, BASIC, Samples, Shuffles and Searches, Tim Hartnell, June 1986
Sorting Out The Sorts, Most, BASIC, Pocket Programs, M Jankowski, October 1985
Supermail, Most, BASIC, Pocket Programs, John Hepworth, September

1985
Tim's Teensy Turtle, Most, BASIC, Do the Logomotion, Tim Hartnell, March 1986
YC Tax Calculator, Most, BASIC, The YC Tax Attack, Matt Whelan, June 1986
Maze Trap, Ohio, BASIC, Pocket Programs Special, Jack Dikian, June 1982
Obstacle, Ohio, BASIC, Pocket Programs Special, S Mason K Perry, June 1982
Ski, Oki if-800, BASIC, Pocket Programs Liftout, Tony Hinde, January 1984
Hangman, Oki IF800, BASIC, Pocket Programs, Steve Molloy, July 1986
Modified CP/M, Osborne O-1, Pocket Programs Bonus Liftout, Nigel Harwood, May 1983
C What I Mean?, S-100, C, Pocket Programs, Les Bell, May/June 1981
Horse Race, Sega, Pocket Programs, Steve Molloy, January 1986
Star War, Sega, Pocket Programs, Jan Jacobsen, January 1986
Amaze, Sigma/Oki, BASIC, Pocket Programs, Tony Hinde, January 1985
Programmable Char. Generator, Sorcerer, BASIC, Pocket Programs Liftout, Peter Fallon, January 1984
Sound Effects Generator, Sorcerer, Assembler, Pocket Programs, Peter Deckert, August 1981
Horse Race, Super 80, BASIC, Pocket Programs, George Georgiou, July 1984
Supertrek, Super 80, BASIC, Pocket Programs Liftout, George Georgiou, November 1983
Super-80 Clock, Super-80, BASIC, Pocket Programs, D G Dutton, September 1982
CLS, Teletype-style terminals, Assembler, Programmer's Workbench, Les Bell, March 1985
Colour Mixer, TI 99/4A, BASIC, Your TI, Peter Lynden, September 1984
Sprite Demo, TI 99/4A, BASIC, Your TI, Peter Lynden, October 1984
Morse Tutor, TRS-80 MC10, Pocket Programs, Basil Heath, January 1986
Tower of Hanoi, TRS-80 MC10, BASIC, Pocket Programs, J. L. Elkhorne, March 1986
Cheque Records, TRS-80 Model III/Printer, BASIC, Pocket Programs Bonus Liftout, R C Heslewood, May 1983
Video Driver, TRS-80 Model I, Assembler, Pocket Programs Bonus Liftout, David Morrison, May 1983
Black Jack, TRS-80 PC4, BASIC, Pocket Programs, G. Thornley, March 1986
Tandy Calendar, TRS-80, BASIC, Pocket Programs, T J Carlsen, August 1982
Allplot.Bas, Various, BASIC, Pocket Programs Bonus Liftout, Dr David Hollway, July 1983
Alphanum's Matching Algorithm, Various, BASIC, Pocket Programs Bonus Liftout, Phil Carter, December 1982
Traverse, Various, PL/I, Programmer's Workbench, Les Bell, March 1985
Chopper Pilot, VIC-20, BASIC, Pocket Programs, Ric Kube, September 1982
Dice Roll, VIC-20, BASIC, Pocket Programs Bonus Liftout, Carlos Nolf, July 1983
Machine Language, VIC-20, BASIC/ML, Pocket Programs Bonus Liftout, P Thacker, July 1983
Marq St. Hilaire Sights, VIC-20, BASIC, MicroNavigation, Trevor Jones, December 1982
Plotting Two Intercepts, VIC-20, BASIC, How To Plot Two Sights In Aust. Waters, Trevor Jones, Jan/Feb 1983
Ship Maths, VIC-20, BASIC, Pocket Programs Bonus Liftout, Ric Kube, May 1983
Unexpanded VIC Simulator, VIC-20, BASIC/ML, Your VIC Computer, Andrew Farrell, March 1983
Simon, VZ-200, BASIC, Pocket Programs, Michael Proctor, July 1986
VZ-200 Cassette Inlays, VZ-200, BASIC, Pocket Programs, Ian Duffield, March 1986
Decoy, VZ200, BASIC, Pocket Programs, Grant Rowe, March 1985
Electric Tunnel, VZ200, BASIC, Pocket Programs, Bruce Daniel, July 1985
Graphic Sine Waves, VZ200, BASIC, Pocket Programs Liftout, Dean Nickasen, January 1984
Morse Tutor, VZ200, Pocket Programs, Basil Heath, January 1986
Number Sequence, VZ200, BASIC, Bonus Book Of Priceless Programs, Ian Thompson, May 1985
Number Slide, VZ200, BASIC, Pocket Programs, Bruce Daniel, August 1985
Painter, VZ200, BASIC, Pocket Programs, Bruce Daniel, April 1985
Punch, VZ200, BASIC, Pocket Programs, Grant Rowe, January 1985
Yahzee, VZ200, BASIC, Pocket Programs, Ian Thompson, October 1985

5-YEAR INDEX

Metronome, Wizzard, BASIC, Pocket Programs, Gregory Shapley, March 1985

Planetary Distances, Wizzard, BASIC, Pocket Programs, G Shapley, July 1984

ZX80 "Babysitters", ZX80 All, BASIC, Basic For Babysitters, John Annable, June 1982

Sensitivity Analysis, ZX80 ZX81, BASIC, Pocket Programs Special, John H Crabb, June 1982

ZX81 Plotter, ZX80 ZX81, BASIC, Pocket Programs, James Canning, January 1982

Australia, ZX80/81, BASIC, Pocket Programs Bonus Liftout, K E Johnstone, May 1983

Break Even Point, ZX80/81, BASIC, Pocket Programs Bonus Liftout, John H Crabb, December 1982

Catcher, ZX80/81, BASIC, Pocket Programs Bonus Liftout, N Weaver, May 1983

Chaser, ZX80/81, BASIC, Pocket Programs Bonus Liftout, N Weaver, May 1983

Death Star, ZX80/81, BASIC, Pocket Programs Bonus Liftout, Jon Barnett, July 1983

Display Inversion, ZX80/81, BASIC/ML, Pocket Programs, Benjamin Smith, November 1982

Draw And Store, ZX80/81, BASIC, Pocket Programs Bonus Liftout, John Norris, December 1982

Economic Order Quantity, ZX80/81, BASIC, Pocket Programs Bonus Liftout, John H Crabb, December 1982

Flash, ZX80/81, BASIC, Pocket Programs Bonus Liftout, Peter McKay, July 1983

Hex To Decimal, ZX80/81, BASIC, Pocket Programs Bonus Liftout, J Ken Clarke, July 1983

Larger Screen, ZX80/81, BASIC, Pocket Programs Bonus Liftout, Jason Teh, July 1983

Paint Roller, ZX80/81, BASIC, Pocket Programs Bonus Liftout, C Bennetto/K Shepherd, July 1983

Resistors, ZX80/81, BASIC, Pocket Programs Bonus Liftout, Alan Hill, May

1983

Symmetry, ZX80/81, BASIC, Pocket Programs Bonus Liftout, Stewart Collins, May 1983

Typing Tutor, ZX80/81, BASIC, Pocket Programs Bonus Liftout, Peter McKay, May 1983

ZX Biorhythms, ZX80/81, BASIC, Pocket Programs Bonus Liftout, P J Thornley, December 1982

Cannibals And Missionaries, ZX80, BASIC, Pocket Programs, Duncan Morrison, September 1982

Kill The Duck, ZX80, BASIC, Pocket Programs, Jeffrey Chi Poon, September 1982

Killer Satellite, ZX80, BASIC, Your ZX80 Computer, John Batty, January 1982

Level Seven, ZX80, BASIC, Your ZX80 Computer, John Batty, March 1982

Lunar Lander, ZX80, BASIC, Pocket Programs, Duncan Morrison, September 1982

Missile Silo, ZX80, BASIC, Your ZX80 Computer, John Batty, December 1981

The Caves Of Krull, ZX80, BASIC, Your ZX81 Computer, David Brudenall, June 1982

ZX80 Code Loader, ZX80, BASIC, Pocket Programs Special, Mark Wilkinson, June 1982

ZX80 Pontoon, ZX80, BASIC, Your ZX80 Computer, John Batty, February 1982

ZX80 Wumpus, ZX80, BASIC, Pocket Programs Special, June 1982

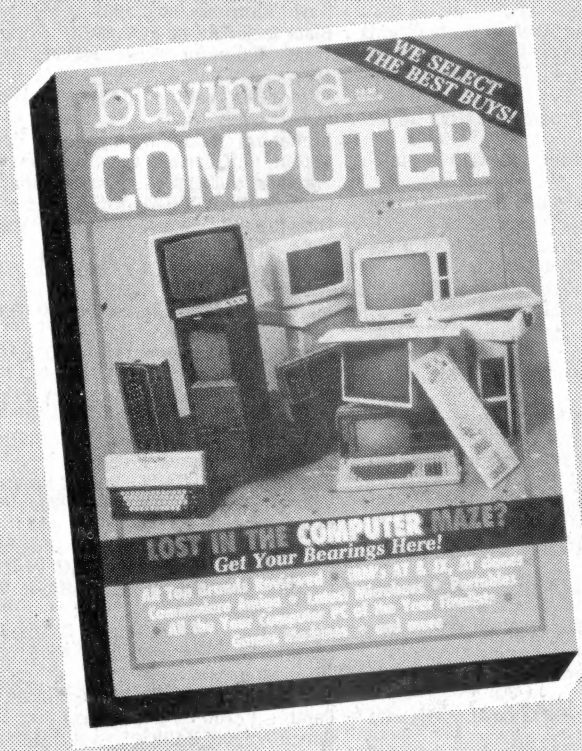

Analysis Of Variance, ZX81, BASIC, BASIC Statistical Analysis, John I. Plummer, May 1983

F Distribution/Data Transform., ZX81, BASIC, Statistical Analysis II — F Ratios, John I. Plummer, July 1983

Sniper, ZX81, Your ZX81 Computer, David Brudenall, May 1982

Star War, ZX81, BASIC, Your ZX81 Computer, David Brudenall, September 1982

TV Cricket, ZX81, BASIC, Pocket Programs, Jeffrey Chi Poon, September 1982
